COACH HOUSE

SUPPORTING DOCUMENTS

To assist the application process efficiently, please upload copies of supporting documents to help verify your business credentials. This is the boring bit, however it is essential, so that we know how to best service the account, before you start shopping!

- Invoices from 2 trade suppliers.

These documents can be redacted to remove any personal details and protect data- to show you currently buy similar product from other wholesalers.

- Proof of property ownership or signed copies of a lease.

Where applicable- for retailers, residential care, hospitality etc.

- Imagery from past or present interior projects.

Portfolio PDF is useful here, not required if your website has a portfolio.

We may ask for further supporting documentation such as imagery of shop floor and windows for retailers.
